

BALLISTIC

7.8

The remodelled Ballistic 7.8 is the most luxurious sports RIB in the Ballistic range, and has been re-designed with safety and style in mind to enhance the features of this iconic RIB. The Ballistic 7.8 stands out from the crowd, with sleek grey and charcoal tubes, elongated bow and deep V hull, and the spacious deck area makes this the perfect family RIB. The configurable sun pad area gives you the flexibility to have a picnic out on the water, or to bask in the sun whilst at anchor. The extended length of the Ballistic 7.8, coupled with the large tubes and hull shape ensure that every ride is comfortable and dry, even at high speeds.
